RE: PRA Request

Sent via e-mail

Ms. Best:

This letter acknowledges receipt of your Public Records Act request, which the Foster City Police Department received on June 27, 2020. From reviewing your request, I understand that you are seeking information from November 1, 2018 to June 27, 2020 regarding the following:

1. Documents mentioning, describing or generated in response to the BlueLeaks release, the preceding hack or subsequent fallout, including but not limited to:

- * Damage assessments
- * Emails
- * Interagency communications (local, state, or federal)
- * Communications with the press about BlueLeaks
- * Communications with Twitter or other social media or sharing platforms

2. Documents mentioning or describing Distributed Denial of Secrets (DDoSecrets)

If I have misinterpreted your request, please let me know.

City staff conducted a thorough search of the City's records and determined that the attached documents are the only responsive documents. I included all the unique e-mails pursuant to your request but did not include duplicate e-mails that were generated when the same e-mail was sent to multiple city addresses. Additionally, I have not included emails received by the Foster City Police Department which were sent by outside entities, such as the Northern California Regional Intelligence Center (NCRIC) and the San Diego Law Enforcement Coordination Center (SDLECC), who have not authorized their release.

If you have any questions, please give me a call.

Sincerely,

Lyndsey Castro
Records Supervisor
